## **Tensions in Cosmology: Are we Approaching New Physics?**

*Thursday, 14 September 2023 18:00 (20 minutes)*

We summarize the famous tensions between various observational datasets and theoretical predictions of the Standard Model of Cosmology, such as the  $H_0$  and  $S_8$  tensions, that could be a sign that we are approaching New Physics. Then we provide possible solutions, arising from modifications /extensions of the standard lore.
